DIRECTORY

ORIGINAL

AVIATION MEDICAL EXAMINERS

COMPLETED
395

JULY 1981

U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL AVIATION ADMINISTRATION
OFFICE OF AVIATION MEDICINE

INTRODUCTORY NOTE

This directory contains the names and addresses of physicians who are authorized to perform physical examinations and issue airman medical certificates for the Administrator of the Federal Aviation Administration. All Examiners listed are authorized to conduct airman physical examinations for Second Class and Third Class Medical Certificates. They are also authorized to issue the combination Medical—Student Pilot Certificate. Those physicians further authorized to issue First Class Medical Certificates are identified by a (†) dagger symbol.

Part 61 of the Federal Aviation Regulations describes the various types of airman operations and indicates the class of medical certification required.

Physicians interested in becoming Aviation Medical Examiners should request application forms from the FAA Regional Flight Surgeon.

AIRPORT MANAGERS receiving a copy of this Directory of Aviation Medical Examiners are requested to make it available to pilots in their area. Your cooperation in this matter will be greatly appreciated.

Part 3

Listing of Military Installations Where FAA Physical Examinations May Be Performed For Military Personnel

Military facilities interested in becoming designated to perform physical examinations and issue medical certificates for the FAA should apply through their respective Surgeons General Office.

Military facilities are authorized to issue only Second Class and Third Class Medical Certificates and the combination Medical—Student Pilot Certificates.
